Category **Loudspeakers**

Code **C82/10-T**

Range **Wall-mounting Loudspeakers**

Description

10 W Speaker Unit

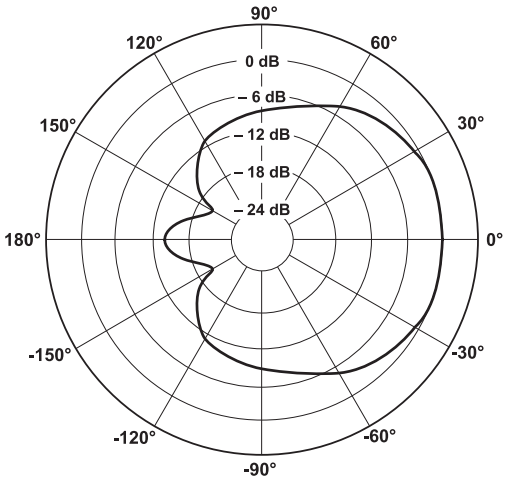

Two-way speaker unit for wall mounting made of white(*) plastic material. Suitable for indoor installation. It is equipped with a rotary switch enabling selection for a connection on constant-voltage lines or of the low-impedance type. The same switch can also be used to exclude the loudspeaker from the line. The fixing bracket is suitable for wall mounting, either vertically or horizontally. The spring-type terminal strip enables quick and safe connection to the wiring system.

(*) also available in black (code C82/10-TN).

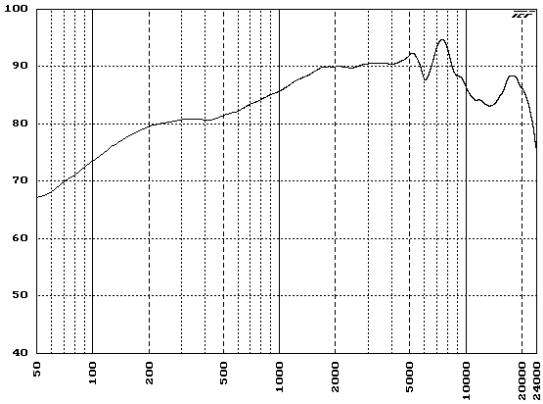

Technical data

Rated output power	10 W
Adjustable output power	10 - 5 - 2,5 W
Frequency response	200 ÷ 22.500 Hz
Acoustic pressure (Pnom/1m)	98 dB
Dispersion angle (2 kHz)	115°
Dimensions (W x H x D)	140 x 187 x 115 mm
